ONLINE EDITION

» More power, more data, more control EXCLUSIVE TO ONLINE subscribers. Only ONLINE subscribers have access to both retail *and* food service chains, store location addresses, multiple criteria queries and a downloadable file of contacts.

- Query the database using your own criteria**
 With simple clicks, you can select companies/chains by any combination of criteria: number of locations; location type preference (e.g. shopping centre, streetfront, mixed-use); provinces where located; average/preferred size; chains that franchise; service types (e.g. buffet, food court, delivery); menu type/specialty (e.g. Italian, wraps, family style). Next, choose the order you want the list to appear. Click "GO" and you have a list of chains meeting that criteria.
- Print query results and detailed company/chain profiles**
 ... or you can click on any company or chain name and print the detailed listing.
- Export contact data and import into your own system**
 After a search using your own criteria, you can export the contact data and import into your own contact management system. Or, you can click on DOWNLOAD ALL CONTACTS. Contact data includes: contact name, job title, job function, company name, address, phone, fax, corporate email, chain name.
